Hi,  
I just read something that sent cold shivers up my spine. Seriously.  
This is a CRISIS.

According to reliable recent reports, 162,000,000 Americans are living paycheck to paycheck. You read that right... 162 MILLION.

When you realize that the total population in the USA is about 326 Million, and you remove all the people who are too young or too old to be in the workforce, you are left with a shocking and horrifying realization of what is happening.

If these people lose their jobs or are unable to work for even just a few weeks, they run the risk of losing EVERYTHING.

Fortunately...  
YOU have a solution for them. You have a legitimate way to help these people.
